2023

Kervan Gıda, whose foundations were laid in 1994, started to produce chewing gum under the brand 'Keloğlan' in 1995 and soft candy under the brand 'Bebeto' in 1999. Meeting with consumers all over Turkey in a short time with the 'Bebeto' brand, Kervan Gıda achieved an extraordinary success and became Turkey's largest soft candy producer as of 2022. It has become the soft candy company that produces the most varieties in the world.

Making a rapid entry into the US market in 2013, Kervan Gıda has become one of the most important global suppliers of Walmart, one of the largest supermarket chains in the world. Walmart preferred Kervan Gıda quality in its private label products as well as Bebeto brand products on its shelves. Following its success in the USA, Kervan Gıda increased its strength in this region by acquiring the British brand Dexters in 2016. Subsequently, by establishing a partnership in Germany, the Bebeto brand became widespread in European markets.

Entering the Russian market with Kervan RS in 2019, Kervan Gıda was successfully offered to the public in our country at the end of 2020. With the move it made right after the public offering, it bought the shares of ZPC Otmuchów, one of the leading soft candy manufacturers in Poland, and its subsidiary PWC Odra.

After this merger, Kervan Gıda's production capacity of 72,300 tons increased by 52 percent. The company's total production area of 70,000 square meters in Istanbul and Akhisar reached 110,000 square meters with this purchase. Exporting to 85 countries as of 2022, Kervan Gıda has sales companies in the USA, UK, Germany and Russia. The company's ISO 9001-2000, BRC, AIP and IFS quality and food safety certifications are the guarantee of its global success.

As of 2022, Kervan Gıda; It is ranked 6th in its category and 82nd in the general category among the "Top 100 confectionery companies in the world". Today, the world's largest grocery chains and brands benefit from Kervan Gıda's knowledge, experience and power in their private label products. It not only increases its production volume and sales, but also effectively maintains its responsibility for sustainable development. Kervan Gıda employs nearly 3500 people in all its facilities and sales companies.

Kervan Gıda is taking firm steps towards its goal of becoming one of the 3 most successful companies in its field in the world by 2030, with its long-standing experience and responsibility for all its stakeholders, uninterrupted innovation investments, and a production philosophy that respects people and human health.

Temelleri 1994 yılında atılan Kervan Gıda, 1995 yılında 'Keloğlan' markasıyla sakız, 1999 yılında 'Bebeto' markasıyla yumuşak şeker üretimine başladı. 'Bebeto' markası ile kısa süre içinde Türkiye'nin dört bir yanındaki tüketicilerle buluşan Kervan Gıda, sıra dışı bir başarıya imza attı ve 2022 itibarıyla Türkiye'nin en büyük yumuşak şeker üreticisi unvanına ulaştı. Dünyada ise en çok çeşit üreten yumuşak şeker firması oldu.

2013 yılında ABD pazarına hızlı bir giriş yapan Kervan Gıda, dünyanın en büyük market zincirlerinden biri olan ABD'li Walmart'ın en önemli küresel tedarikçilerinden biri haline geldi. Walmart, raflarında yer alan Bebeto marka ürünlerin yanı sıra kendi özel markalı ürünlerinde de Kervan Gıda kalitesini tercih etti. Kervan Gıda, ABD'deki başarısının ardından 2016 yılında İngiliz markası Dexters'ı satın alarak, bu bölgedeki gücünü artırdı. Devamında Almanya'da bir ortaklık gerçekleştirerek Bebeto markasının Avrupa pazarlarında yaygınlaşmasını sağladı.

2019 yılında Kervan RS ile Rusya pazarına giren Kervan Gıda, 2020 yılı sonunda ülkemizde başarıyla halka arz edildi. Halka arzın hemen sonrasında yaptığı hamle ile Polonya'nın önde gelen yumuşak şeker üreticilerinden ZPC Otmuchów ve iştiraki PWC Odra'nın hisselerini satın aldı. Bu birleşme sonrasında Kervan Gıda'nın 72.300 ton olan üretim kapasitesi yaklaşık yüzde 52 oranında arttı. Şirketin İstanbul ve Akhisar'daki toplam 70 bin metrekare üretim alanı, bu satın alma ile 110.000 m²'ye ulaştı.

2022 itibarıyla 85 ülkeye ihracat yapan Kervan Gıda'nın ABD, Birleşik Krallık, Almanya ve Rusya'da satış şirketleri bulunuyor. Şirketin ISO 9001-2000, BRC, AIP ve IFS kalite ve gıda güvenliği sertifikaları küresel başarısının garantisi konumunda. 2022 yılı itibarıyla Kervan Gıda; "Dünya'nın en iyi 100 şekerleme şirketi" arasında kendi kategorisinin 6'ncı, genel kategoride 82. Sırada yer alıyor. Günümüzde dünyanın en büyük market zincirleri ve markaları özel markalı ürünlerinde Kervan Gıda'nın bilgi, birikim ve gücünden yararlanıyor. Sadece üretim hacmini ve satışlarını artırmaya değil, sürdürülebilir kalkınma sorumluluğunu da etkin bir biçimde sürdürüyor.

Kervan Gıda Tüm tesislerinde ve satış şirketlerinde 3500'e yakın kişiye istihdam sağlıyor. Uzun yıllara dayanan deneyimi ve tüm paydaşlarına duyduğu sorumluluk, kesintisiz inovasyon yatırımları, insana ve insan sağlığına saygılı üretim felsefesiyle Kervan Gıda, 2030 yılında kendi alanının dünyanın en başarılı 3 firmasından biri olma hedefine emin adımlarla koşuyor.
